Professional Summary

B.Tech Computer Science Engineering (Data Science & Analytics) student with hands-on experience in Python, SQL, Java,and Data Analysis tools**.** Strong knowledge of Machine Learning, Data Analysis, Data Visualization, and Predictive Modeling, with experience working on data-driven projects and analytical problem-solving. Proficient in using data analysis tools, statistical techniques, and visualization libraries to derive actionable insights. Solid foundation in Data Structures and Algorithms (DSA**)** using Java and Python. Actively seeking Data Analyst, Software Engineer, or Machine Learning roles to contribute to scalable, high-impact, real-world systems**.**

Skills

Languages: Python, Java, SQL
Tools and Libraries: Git, VS Code, Power BI, Tableau, Pandas, Numpy, Matplotlib, Ms -Excel
Concepts: Data Structures and Algorithm, DBMS, Software Engineering
Soft Skills: Time Management, Leadership, Critical Thinking, Team work / Collaboration

Experience

Intern
Maximise IT Solutions LLP **May 2025 – Jun 2025**

- Completed Summer Internship at Maximize IT Solution LLP in the domain of Web Development.
- Contributed to the design and development of an E-Commerce platform website with interactive user interface and responsive design.
- Improved practical skills in web application development, problem-solving, and teamwork during the internship.

Projects

Gen-Z Slang Translator

- Designed and developed a Gen Z Slang Translator to convert informal slang terms into standard English meanings using Python.
- Created and analyzed a custom dataset, improving translation accuracy through data preprocessing and testing.

Image Summarization

- Developed an Image Summarization system that extracts key visual features and generates concise summaries from input images.
- Worked with Transformers to applied Deep learning concepts and deployed it on Streamlit.
- Delivered high-quality abstractive summaries in real time via a custom Streamlit application.
- Enhanced problem-solving, teamwork, and research skills through project-based learning.

Education

Sharda University **Aug 2023 - Present**
Bachelor of Technology in Computer Science & Engineering , U.P., India
CGPA - 8.5
Army Public School **Apr 2020 - May 2023**
XII
X

Achievements & Certifications

Deloitte Australia Data Analytics Job Simulation on Forage **October 2025**
• Completed a Deloitte job simulation involving data analysis and forensic technology.
• Created a data dashboard using Tableau .
• Used Excel to classify data and draw business conclusions.
Introduction to MS Excel **October 2025**
• Simplilearn, in collaboration with Microsoft
Java Foundations Course, Oracle **Aug, 2024 - Oct, 2024**
Java Fundamentals Course, Oracle **Apr, 2025 - May, 2025**
